

Ghumakkad.com - Portal Policy

Ghumakkad.com is a portal where drivers can register to receive booking leads across Uttarakhand. Our portal operates by assigning an admin to each district, who is responsible for providing leads to all the drivers within their district.

Registration Process

Drivers wishing to register on our portal must contact the respective district admin. Upon registration, a driver becomes a member of our platform. The registration fee is INR2499 per month.

Lead Distribution

Once registered, drivers will start receiving booking leads the very next day. Each driver is guaranteed 5 to 6 leads per month. These leads can range from long-distance bookings (e.g., Dehradun to Delhi or Delhi to Almora) to short trips (e.g., Dehradun to Haldwani).

If a driver is unavailable for a booking, they may pass it on to a colleague or friend, keeping any commission they negotiate privately. Ghumakkad has no further involvement after providing the lead.

No Hidden Fees

Once the monthly registration fee of INR2499 is paid, drivers will not incur any additional charges for leads. Should a driver not receive their promised 5 to 6 leads, the remaining leads will be carried over to the next month, with no extra cost incurred.

Refund Policy

If a driver fails to receive any leads within a three-month period, they are eligible for a refund.

Support and Administration

Our portal is designed to provide drivers with a convenient and reliable lead generation process. Each district has an admin, whose contact information is available on the portal. For further assistance, drivers can directly contact the super admin.

Additional Benefits

As Ghumakkad grows, all registered drivers will be listed on Google, enhancing their visibility and increasing the potential for bookings. However, drivers must maintain their registration on the portal to avail this benefit.

If drivers have suggestions or queries, they can contact us directly at 8393937133 or 6397873476.
